School Counseling

The aim of Baldwyn High School is to help each student profit as much as possible from the school experience and to assist in plans for employment or further educational study after completing the school program. Your Principal, teachers, and counselors are available to discuss with you and/or your parents any problems arising relative to your educational program. Teachers are available after 3:01 each day or during their preparation period for conference with you and/or your parents. Appointments for teacher

conferences may be made by phoning the main office or by emailing the teachers directly. You (the student) and/or your parents are encouraged to make prior appointments for conferences with the counselor to ensure the counselor's availability and that an appropriate amount of time can be scheduled to address your needs. Your counselor is here to help you select a program of study, identify potential college majors or occupations, identify abilities, interests, and special aptitudes by use of standardized tests and other sources of information, outline programs of study in their senior high school, improve social academic adjustment, maintain good attendance at school, obtain programs on college entrance requirements, locate available scholarships, and participate fully in the school program. The counselor can be contacted at 365-1032. Criteria for participating in off campus trips with the counselor are as follows: Participation in activities will be based on grade classification determined by number of credits earned **at the time of activity and not what the student will be considered as the following semester**; All school work must be up to date, no more than two major disciplinary referrals during the current school year, if one does not conduct themselves in a mature responsible manner while on a previous trip; one will not be allowed to attend future trips.

Medication

The school will not provide medication. Parents/Guardians are to notify the principal's office if their child is to take any medication during the school day. School personnel or the school nurse will administer prescription and non-prescription medication only with parent/guardian written permission and instructions.

Student Records

In compliance with Public Law 93-579, the Baldwin School District will not, except for “directory information,” disclose personally identifiable information from the education records of a student without the prior written consent from the parent of the student or the eligible student. Prior consent of the parent or eligible student is not required when the school releases such information to the following:

- Other school officials including teachers;
- Officials of another school in a school system in which the student seeks to enroll; and
- Other state, federal, and educational agencies as enumerated in Public Law 93-579.

Parents, both custodial and non-custodial, and eligible students have the right to inspect all personal data which is collected and to appeal the accuracy of such information. A custodial/non-custodial parent or an eligible student may not contest the assignment of a grade; however, they may question whether or not the assigned grade was recorded accurately. Records requested for review will be available at the school of attendance at the earliest convenient time but not more than 20 days after receipt of the request. The school will provide parents with explanations or interpretations of the educational data.

Appeals to the decisions of the school principals regarding educational records may be made to the Superintendent of Schools, Baldwin School District, Baldwin, MS 38824.

The schools of the Baldwin Public School District will, from time to time, use personally identifiable directory information including honor rolls, annuals, athletic rosters, class rolls, and school-sponsored club and activity rosters. If you do not wish such personally identifiable information to include your child’s identity, you must advise, in writing, the principal of the school which your child attends no

later than seven (7) days after his/her enrollment in the school year.

Telephones

Only in emergency situations will phone messages be delivered to students. Any emergency calls by students will be directed to the secretary who will make the calls. Students are not allowed to use school telephones located in the agriculture building, counselor’s office, coop office, Tech Prep labs, library, band hall, gym, field house, or other locations.

CELL PHONES WILL BE ALLOWED IN CLASSROOMS FOR EDUCATIONAL PURPOSES ONLY WITH THE TEACHER’S PERMISSION. Students that use their phones for personal use inside or outside the classroom will be subject to the cell phone policy outlined in the handbook.

Asbestos Hazard Emergency Response Act (AHERA)

Annual Notification 1998-99

The Baldwin School District continues to fulfill all the requirements given by AHERA. Included in our efforts have been the following:

Initial inspection of all facilities (Summer, 1988)

Management Plan (April, 1989)

Six month re-inspections

Asbestos abatement project (March, 1990)

Three-year re-inspections

No major problems associated with the planned renovations/maintenance of our school buildings have been found. The management plan for our school district is available during normal business hours at the Superintendent’s Office located at 107 West Main Street. The management plan for each school is located in the principal’s office.

Insurance

As a service to parents and students, the school makes available a school-day insurance plan at a nominal cost. The school is willing to handle the necessary clerical work but desires to make it understood that it is not in the insurance business. The settlement of a claim is a private transaction between the parents and the insurance company. All student accident forms must be returned to the superintendent’s office within 60 days of injury.

No student will be permitted to drop a course after a one-week change of schedule period except for enrollment in the special education program, enrollment in the talented and gifted program, or a change in enrollment in the Co-op program. Admissions Standards

You can be admitted to a Mississippi university by meeting any of the following criteria:

- ▶ Complete the [College Preparatory Curriculum](#) (CPC) with a minimum 3.2 high school grade point average (GPA) on the CPC; or
- ▶ Complete the College Preparatory Curriculum (CPC) with a minimum 2.50 high school GPA on the CPC or a class rank in the top 50%, and a score of 16 or higher on the ACT* (Composite); or
- ▶ Complete the College Preparatory Curriculum (CPC) with a minimum 2.00 high school GPA on the CPC and a score of 18 or higher on the ACT* (Composite); or
- ▶ Satisfy the NCAA standards for student athletes who are "full-qualifiers" under Division I guidelines; or
- ▶ Students who do not meet the above criteria are nonetheless eligible for admission. Such students must participate, however, in an on-campus placement process at the university of their choice.

The process will determine whether the student may be enrolled in regular freshman-level courses or be required to enroll in the summer semester with mandatory participation in the [Summer Developmental Program](#). Successful completion of the summer semester entitles the student to continued enrollment in the fall semester at the university of his or her choice.

Classification of Students/Promotion

Promotion and retention shall be based upon number of credits earned or dependent on student's diploma pathway.

General Requirements for Promotion

1. Students must satisfy state requirements relative to the Mississippi Assessment Programs.
2. Each course shall be based upon the essential skills identified in the Baldwin School District Curriculum Structure and an average score of 68 shall be considered passing.
3. Students who fail to meet 15% of the objectives of the Statewide Assessment Program will be retained in their present grade/course.

District Guidelines for Subject Area Testing

1. In the event a student passes the SATP course of study but fails the SATP Test, the subject area

teacher, principal, and curriculum coordinator will review the student's test results and develop a plan of review before retesting.

2. In the event a student passes the SATP Test but fails the SATP course, the student must repeat the course and maintain an average of 68 to receive credit.

3. In the event the student fails the SATP course and the SATP Test, the student MUST repeat the course and maintain an average of 68 to receive credit and retest at the appropriate time.

Those wishing to take the retest must go to remediation prior to testing.

Individual Requirements for Promotion

1. Grades 9-12: Determined by the number of credits
Freshmen – Successful completion of eighth grade and less than Seven credits
Sophomore – Seven credits
Junior – Thirteen credits
Senior – Eighteen credits
2. Special needs students must meet the minimum requirements of their IEPs.

Dual Enrollment

High school students who are interested in enrolling in college courses may do so with a recommendation of the guidance counselor and the principal. These students must have 14 Carnegie units, a 3.0 grade point average accumulated in grades 9-10, and an unconditional letter from the principal or counselor saying "we give permission to dually enroll". Students who are interested in pursuing this exciting challenge should schedule an appointment with the high school principal. Students and their parents are responsible for all fees and tuition associated with dual enrollment. ACT requirement or equivalent set by college.

Early Graduation Policy

A student wishing to satisfy his or her graduation requirements early and graduate in three years must first meet with the Principal or Counselor. The student will not be given final approval to graduate early until the end of his or her sophomore year. If the student has successfully earned a minimum of eighteen credits **and** passed all of the Subject Area Tests to that point, the student's parents or guardian will be required to sign a permission letter stating that they understand the procedure, requirements, and consequences of graduating early. Please note that receiving approval to graduate early does not guarantee that the student will satisfy the state and district requirements to receive his or her diploma in three years.

Requirements for Occupational Diploma

Effective for students with disabilities as defined by the Individuals with Disabilities Education Act, students entering ninth grade in the 1999-2000 school year may receive an Occupational Diploma. These students must earn the course credits outlined in the Baldwyn Public Schools Special Education Curriculum and successfully complete an approved occupational portfolio in order to be awarded the Occupational Diploma.

Credit Recovery for Grades 9-12

The approval of the principal or superintendent of the home school must be obtained before the final enrollment of pupils in summer school. A maximum of two units may be earned during one summer. A student may earn a maximum of four units of credit in summer terms toward meeting graduation requirements during the high school career. The student may enroll in summer courses for remediation or enrichment. The following guidelines will be used for remediation enrollment:

1. Approval will be given only for a course which the student has failed. Space permitting, a student

may audit a class in order to build skills in a subject area.

2. Eighth graders who failed Computer Discovery and Pre-Algebra may take credit recovery at the high school.
3. Subject Area Testing courses are only allowed to be recovered if the student passed the Subject Area Test.
4. In order to participate in Credit Recovery students must have a minimum average of 55 in the course failed.

For enrichment purposes students may be allowed to enroll in a course which is not included in the district's curriculum.

Correspondence Courses

One unit of correspondence work may be accepted toward high school graduation. All correspondence work which is to count toward meeting the graduation requirements **must have prior written approval of the superintendent or his/her designee and be on the approved list in Bulletin 171.** Guidelines for enrollment in correspondence work to remediate include the following:

- High school students will be given permission to enroll in a correspondence course only during the summer. **Exception:** A student is a senior and it is not possible to schedule a required course for graduation in the curriculum offered by the district.
- The course must be completed not later than the first day of the succeeding school year.
- Correspondence courses are taken through the college providing the course, not BHS. The student and parent are responsible for enrolling in and paying for the course(s).
- For enrichment, a student may be allowed, upon approval, to enroll in a course that is

not included in the district's curriculum or a course in which a student cannot be enrolled because of a schedule conflict during the school year.

Other Enrichment Coursework for High School Students

The Board and staff of the district encourage students to pursue other avenues of enrichment courses through advanced placement, college courses, satellite delivery, on-line courses, etc. which will be beneficial to the student. Any student having a desire to pursue this endeavor will need to secure approval through the principal's office.

Textbooks

Textbooks for pupils are furnished by the state. These are issued at the beginning of the school year on a loan basis. Parents assume full responsibility for the books and their proper care until they have been returned to the school. Pupils should see that their books are not abused, as a fine will be charged for any wear. In case of a lost book, the list price of the book must be paid before another book will be issued. Students are encouraged to keep covers on books.

Co-curricular/Extracurricular Activities

Academic Rules for Student Participation in Activities

1. To be eligible for participation, a student must be on track towards graduation.
2. A student must also meet the following minimum scholastic requirements at the end of a semester for continuing eligibility and at the end of the year if the pupil is to be eligible for the next year:
 - a. To be eligible, a student must be able to

demonstrate normal progress toward the number of Carnegie units required for graduation at the end of the semester.

b. The student must have at least a passing average (68) in each course that amounts to six (6) credits toward graduation each year, and an average of 75 for the six courses.

c. **ONE EXCEPTION** may be given during the student's high school career – grades 9 – 12. If he/she passes the required number of credits the first semester; he/she may become eligible the 2nd semester.

d. A student who fails to meet the academic standards at the end of the year may choose to attend an accredited summer school. Summer school will be considered an extension of the second semester and credits earned in such a school may be considered in determining the scholastic eligibility of students. The completion of a full unit or major subject during summer school will be classed as passing one major subject for one unit of credit and not as passing two major subjects for one half unit each. Accredited correspondence courses may be accepted for establishing eligibility provided the course has been completed and recorded by the opening of school.

e. If a student is out of school one or more semesters, s/he will be ineligible upon return. The student may regain eligibility by passing (at semester) subjects that will successfully indicate that said student will be on track toward graduation. A student who is eligible for a given semester cannot drop out of school during the semester or remain out of school for one or more semesters and return to school with the same eligible status.

Students entering the ninth grade for the first time must pass their grade level by achieving at least a passing grade (75) in core courses the previous year

to be eligible to participate at the start of school. Core courses include language arts (English), math, science, social studies, and reading.

The following exceptions will be made for students in these categories:

- a. Students who have been tested, screened, and placed in a TMR or EMR Special Education program.
- b. Students who have been tested, screened, and placed in accordance with their IEP in a Special Education Certificate program (one which does not require the earning of Carnegie units). Students ruled eligible under the exceptions will be assigned a date of entering the ninth grade corresponding to other students of that age and will be subject to all other rules and regulations governing activities for regular education students including attendance.
4. Some clubs/organizations have additional requirements. Sponsors of these activities will inform participants of any additional rules.

School Activities Participation

In order to comply with the mandates of Performance-based Accreditation Standards and to ensure that scheduled academic instructional time is protected from undue interruptions or delays, the following policy has been established by the Baldwyn School District Board of Education and administration:

For a student to participate in a game or activity, s/he must be present at school the day of the contest and attend 60% of her/his classes; any exceptions will be referred to the principal for a decision.

The Baldwyn School Board and administration encourage students to participate in multiple sports, band and cheerleading activities. Conflicts that exist regarding half-time participation will be resolved between the coach, the band director, and cheerleading sponsor.

Assembly

Assembly programs of various types are held throughout the school year, usually during activity period. Students must attend the assemblies, unless excused by a teacher, and are expected to conduct themselves properly.

Pep Rally

When pep rallies are held during the school day, students are expected to attend and conduct themselves properly.

Grades/Grading

Retention Waiver Policy

If a student does not pass a particular course/grade which will prevent him/her from meeting promotion requirements, the following options are available to the student/parent:

1. The student may attend an approved summer school or participate in an approved correspondence course (high school students only). Before awarding course credit for summer school or correspondence course work, a student must present a passing grade in the summer school/correspondence course.
2. Students who earn advancement from one grade to the next will receive a “promoted” status on report cards and permanent records; students who are placed at the next grade level as a result of the Retention Waiver will receive a “placed” status on report cards and permanent records. Number grades in both instances will reflect the student’s actual achievement.
3. Students who are placed are not eligible to participate in any extracurricular activities.

Grading System

In order for the student to pass a course/grade, he/she must maintain a passing average in the course for the year/semester. The nine weeks average will be comprised of 60% tests, major projects, etc. 30% homework, and 10% nine weeks test grade. The semester average will be comprised of the two nine weeks’ averages at 45% each and the final exam grade at 10%. Averaging the two semester grades will derive final averages for year long courses.

Grade Reports

Grade reports will be sent home to parents at the end of each nine-week grading period. Progress reports will be sent home with students at the end of four weeks during each nine-week grading period. The dates of issuance of report cards and progress reports are indicated on the school calendar. Parents may also observe grades by using the Active Parent link found on the district website.

Grade reports will be issued following the end of each nine weeks. Take your report card home with you so your parents can see the grades you are making. Discuss your grades with your parents. The grading system is as follows:

A (Superior)	90 – 100
B (High Average)	80 – 89
C (Average)	70 – 79
D (Low Average)	68 – 69
F (Unsatisfactory)	Below 68
INC (Incomplete)	(See Removal of Incomplete Grades)

Removal of Incomplete Grades

Students who are absent from school in excess of five (5) consecutive days because of prolonged illness (including pregnancy) or hospitalization are required to keep up with their regular school assignments. These students will be allowed the maximum of two

weeks after returning to school to make up all missed work.

For short term absences (four days or less), the student will be allowed the number of days missed to complete make-up work (i.e., If a student misses two days, he/she is allowed the two following days to make up missed work). If work was already assigned the student is responsible for that work upon return to school. After this time period, a no-credit grade (a grade of zero [0] for each assignment) will be averaged with the student’s grades.

Parents should make arrangements to pick up make-up work/assignments no earlier than 3:00 P.M. or make other arrangements.

Examinations/Exemptions

Students must take examinations at the regularly scheduled time unless they are exempt. All exceptions must be approved in advance by the principal. Request for exceptions must be made by the parent/guardian (not the student) who must gain permission from the principal. Only in emergency situations will exceptions be made.

In order to encourage and reward high academic achievement, good attendance, and proper conduct, the following policy pertaining to exemptions will be implemented. Students 5-12 grade are eligible.

1. Exemption from second semester examinations (two-semester courses) and semester examinations for one-semester courses are available for all students and will be determined by cumulative averages.
2. Any student in grades 5-12 who has an A average in an academic subject, has no more than two (2) disciplinary referrals in that subject (for the class term), and has no more than 7 absences is eligible for exemption from the semester examination in that subject.
3. Any student in grades 5-12 who has a B average in an academic subject, has been absent from that

class no more than three (3) times for a semester class and no more than seven (7) times for a year long class, and has no more than two (2) disciplinary referrals in that class will be eligible for exemption from taking his/her second semester examination in that subject.

4. Any student in grades 5-12 who has a C average in an academic subject, has not been absent from that class, and has no disciplinary referrals in that class will be eligible for exemption from taking his/her second semester examination in that subject.

5. Exemptions following the appropriate guidelines are possible for one-semester courses.

6. Absences required by participation in school activities do not count when determining exemptions.

7. No Exemptions for any OSS for any class or reason.

8. Exemptions for block classes will follow the following table:

A 1 semester class on full block:

A- 7 days

B- 3 days

C- 0 days

A 9 weeks class on full block:

A- 3 days

B- 2 days

C- 0 days

9. Students with 7 or more tardies for school for a semester block class or 3 tardies for school for a 9-weeks class will not be eligible for any exemptions.

Honors

Student achievement of academic excellence is posted through the use of two lists: the Principal's List and the Honor Roll. To qualify for the Principal's List, a student must earn a 4.0 (90—100) in all graded subjects taken for the term under consideration. To qualify for the Honor Roll, a

student must earn a 3.0 (80 or above) in all graded subjects taken for the term under consideration. Students with high academic achievement will also be honored during the Academic Awards' Program. The program will be held in the spring to honor students who maintain an A (90-100) average, with no numerical **YEARLY** grade lower than a B (80) computed through the third nine weeks' grading period. To be eligible for this award, the student must meet the following criteria:

1. Earn Three (3) credits per semester enrolled.

2. Have the required average. Grades will be determined by averaging the third nine-weeks' grade to the first semester average grade and divided by two (2) for a yearly average.

3. Have not been suspended out of school.

Students who are classified as seniors may be recognized for outstanding academic performance in two ways:

1. The Valedictorian(s) and Salutatorian(s) will be selected from the senior class on the basis of the highest and second highest grade point average, respectively, **as computed through end of the third nine weeks' grading period.** Beginning with the 2013-2014 senior class (2010-2011 freshman class), the grade point average used to determine Valedictorian and Salutatorian, class rank, and honor graduate status will be weighted. The Valedictorian(s) and Salutatorian(s) will be given the opportunity to speak at graduation. Ranking Procedures will include the following:

a. Class ranking for graduation will be calculated using the final grade for each course beginning in grade 9 plus grades plus high school courses taken in the 8th grade and grades thru the third 9 weeks of the senior year.

b. Students who wish to compete for the honorary titles of Valedictorian or

Salutatorian must have successfully completed at least eight (8) of the honors courses.

c. Honors courses will include the following: Three credits of AT English ; AP English Lit and Comp; Algebra II; Advanced Math; AP Calculus; Chemistry; AP Biology; Physics, Biology II; Human Anatomy & Physiology; Spanish 2; Accounting II and any Dual Credit Course.

d. If a tie occurs, the student who has taken the most honors classes will be named Valedictorian. If a tie still exists, co-Valedictorians will be named.

2. Seniors with a 92 or higher grade point average will graduate as honor graduates.

General Rules of Conduct

Attendance

Students will be required to make up all missed work assigned, regardless if the work was assigned during an excused or an unexcused absence.

Regular attendance is extremely important to one's success in school. The Baldwin School District's Attendance Policy is as follows:

1. Parent Day—Two college days (seniors), one college day (juniors) and two parent days will be provided for students. Non-school activities such as church functions, competitions, etc., will be excused with parent permission when requested in writing in advance.

2. When you are absent from school, your parent/guardian must notify the school office by phone or in person the day you are absent to verify the reason for your absence. Students returning to school after an absence are required to arrive at school early enough to get an admission slip before

first period begins. **STANDING IN LINE AFTER THE TARDY BELL RINGS WILL NOT EXCUSE A STUDENT'S TARDINESS.** If there is no communication with parents, you will not be issued an excused absence. Acceptable excuses include personal illness, critical illness or death in the immediate family, medical or dental appointment, or other reasons as specified in 37-13-91 (4. a...i) of the Mississippi Code. A physician's excuse must be provided in order for medical or dental appointments to be excused. The superintendent of the district or his/her designee will determine if an excuse is acceptable. Acceptable excuses must be received within three (3) business days of the student's return in order for the absence to be excused.

3. Except in cases of extreme emergency, you will not be allowed to check out of school unless a parent/guardian comes to pick you up.

High school students' parent/guardian must have in-person contact with a school official before you will be allowed to leave school. There must be a valid reason for a student to be picked up during the school day. Students with medical conditions that may require them to occasionally leave school for **EMERGENCY** treatment must have on file from a physician a statement to that effect.

4. Any student who is absent from school for any reason other than those above will be considered unexcused.

5. Seniors have a responsibility for setting the proper example in attendance. Seniors who take a "skip day" will be considered truant.

6. In order to be eligible for perfect attendance, the student must be in attendance sixty-three (63) percent of the school day. All juniors and seniors who do not have a fourth block class must stay to the end of third block to be considered present for an entire school day.

7. Anyone arriving at school after 8:00 a.m. will be considered absent from 1st period.

8. In order to participate in extra curricular activities students must be at school sixty-three (63) percent of the school day or provide a valid Doctor or Court note for that day.

Tardiness

A student is allowed three (3) unexcused tardies (total) to school or class per semester. The following consequences will follow subsequent unexcused tardies.

1. Four to five unexcused tardies result in after school detention.
2. The sixth and seventh unexcused tardy will result in In School Suspension.
3. Should the student choose to be tardy for the eighth time and any other tardy thereafter, the result will be at the principal's discretion.
4. Work missed during unexcused tardies will not be made up.

Tardiness to School:

1. All students who report to school after the tardy bell rings for the beginning of homeroom must report to the office as soon as s/he arrives. Not reporting to the office is a very serious infraction and will be dealt with as such.
2. Bus transportation is available for all students living one mile or more from school. Therefore, personal transportation problems will not be cause for an excused tardy.
3. Unexcused tardies include car trouble, oversleeping, personal errands, work, and no one awakening you.
4. Excused tardies include medical reasons or court.

Tardiness to Class:

If a student reports to class after the tardy bell has rung, s/he must have a note from the teacher of the

class which s/he was attending previous to the class for which s/he was late. Teachers are discouraged from detaining any student, if at all possible. Teachers will record absences for the first period and post them on the outside of her/his classroom door to be collected by office personnel shortly after the tardy bell sounds.

Truancy

Students are considered truant if they are absent from any class, leave campus without proper authorization, or are absent from an assigned detention. Truancy will result in unexcused absence and students will not be allowed to make up missed work. Students who are truant will be referred to the principal for the following actions:

1. On the first offense, the student will be subject to 1 day suspension in-school or out-of-school, as deemed appropriate by the principal.
2. On the second offense, the student will be subject to 2 days suspension in-school or out-of-school as deemed appropriate by the principal. ON returning to school, the parent must accompany the student for a conference.
3. The third offense will result in 3 days suspension in-school or out-of-school, as deemed appropriate by the principal, with the subsequent parent conference.
4. Any following offense may be viewed as habitual and could result in placement in the alternative school.

Uniform Classroom Rules

1. Follow directions the first time they are given.
2. Be in your assigned seat ready to work when the tardy bell rings.
3. Come to class with all your books and materials.

4. Raise your hand and wait to be recognized before speaking.

Students whose clothing or appearance is disruptive will not be permitted to remain in class until the matter has been corrected in the judgment of the principal. Students will not be permitted to leave school to correct the problem.

School Bus Regulations

Students who ride buses are responsible to the driver while they are on the bus. Should a student misbehave, s/he will be reported to the principal for disciplinary action. Riding the bus is a privilege which can be lost because of misbehavior. In addition to other school rules, these general instructions are to be followed by students who ride buses.

Detention

The detention system is implemented with the intent of placing responsibility for acceptable behavior on the student. Detentions are assigned for excessive tardies and general misconduct. Gum chewing is specifically prohibited and will result in the assignment to detention. Students who are assigned to detention must report to the designated place with books and remain busy. No student will be allowed to remain idle or read undesirable books or magazines. The proctor will not tolerate talking or misconduct of any kind. Tardiness of over ten (10) minutes will result in another detention. Tardiness of less than ten (10) minutes will be punished by extended time. Misconduct during detention will

result in administrative action. Students are considered truant if they are absent from detention. See Truancy for disciplinary actions.

In-school Suspension

Rationale: The Baldwin School District, in an effort to keep disruptive students in school and convey the message that certain behaviors are not acceptable, will conduct an In-school Suspension (ISS) Program. Students assigned to ISS will not be counted absent in the classroom while serving In-school Suspension. Rule violations that will result in being assigned to in-school suspension:

1. Students may be assigned to ISS at principal's discretion and as many times as deemed appropriate.
2. The student may be assigned to ISS for any of the infractions listed under the heading "Discipline Policies and Procedures" in the current Student/Parent Handbook.
3. At the discretion of the administration, any other offenses not covered above may result in assignment to ISS.
4. Depending on the severity of the offense, as determined by the administrator, the student may not be allowed to participate in extra curricular activities when he/she is assigned to ISS for multiple days.

Guidelines:

1. Students will be given assignments by their teachers and/or ISS supervisor to complete while they are housed in the In-school Suspension room.
2. Students whose presence at school would pose an immediate danger to the daily activities of school will not be assigned to ISS.
3. Students will be given a grade for the work that is completed during In-school Suspension. Each teacher will determine the assignment and will grade the work.
4. After a student has accumulated an excessive number of days in ISS (principal's discretion) any

further misbehavior, which warrants a suspension, may result in Out-of-School suspension, recommendation to alternative school, or recommendation for expulsion .

The school district reserves the right to govern any incident not defined in this handbook. Alternative School

The Baldwin School District has joined Booneville School District to form the Northeast Mississippi Regional Alternative Education Cooperative (NMRAEC). The purpose of this cooperative is to develop, implement, and operate a joint school facility to provide an alternative education program on a non-discriminatory basis for at-risk youth in grades 5 through 12 or the appropriate grade age. NMRAEC will provide preventive and intervention-type programming for the at-risk youth that will follow the youth back to the school of the district from which they came. Programs offered by NMRAEC will include computer-assisted instruction, drug prevention and intervention, teen parenting support, social and health services prevention and intervention, and other support services for youth who are academically and socially at-risk. Students may be referred for placement in the NMRAEC school for any offense that would normally result in excessive suspensions or expulsion.

The following assignment procedures will be followed:

1. The principal submits a written recommendation to the Superintendent with a summary of the student's disciplinary record.
2. The superintendent will reply in writing to the principal.
3. The principal will notify the parents/guardian or adult with custody and conduct a conference, if possible, explaining the action taken and any other pertinent information.

4. The parent/guardian or adult with custody may appeal the principal's decision by requesting an Administrative Hearing, as specified in Board Policy JCAA.

5. If appealed by the parent/guardian or adult with custody, the student may remain in school during the appeal process unless the principal determines the student's presence at school to be detrimental to the school's learning process.

Placement will be for a minimum of nine weeks, unless extenuating circumstances necessitate an early release. Those students who meet the criteria for release will be referred to their school district. It is at the discretion of the home school district to approve or reject the student's release. However, any student suspended from NMRAEC shall be returned to the home school and will be subject to any additional disciplinary action as may be determined by said district. The criteria for release will include the following:

1. completion of work;
 2. behavioral reports from the classroom teacher; and
 3. counseling records and any other information deemed pertinent by the screening committee.
- Students in the district who have not been denied bus privileges as a result of violations (see School Bus Regulations) will be provided with transportation to the alternative school. Students who have been denied bus privileges or are required by the NMRAEC staff to report early or stay late must make arrangements for their transportation. Students assigned to the NMRAEC School will not be allowed to participate or attend extracurricular activities at any member school.

Cafeteria Regulations

Students who eat in the cafeteria must keep in mind that misconduct of any nature is infringing upon the rights of other people who are trying to enjoy their meals.

1. Students must pay for their meals each day—no lunch or breakfast will be charged. Advance payments are on Monday and Tuesday only. Checks must be for the amount of school food purchase only.
2. Students must report to the cafeteria during their assigned lunch period.
3. Food Service regulations do not permit any student to bring a soft drink in its original container to the cafeteria. Therefore, no canned, glass, or plastic soft drinks are allowed in the cafeteria. Students may bring juice or beverages in Thermos containers. Any commercial food must be in a “brown sack” or lunch box. No commercial food shall be delivered to the campus for one hour before breakfast or one hour before lunch and until the end of either serving period.

Offer vs. Serve Requirements: The Baldwin School District subscribes to Public Law 94-105, “Offer vs. Serve.” This law requires all students to be offered five (5) food items for a school lunch and four (4) food items for a school breakfast. Complying with Federal regulations requires the following:

1. The complete school lunch must be planned and offered to all students. It must consist of the following five (5) components: (a) meat or meat alternate; (b) vegetable or fruit #1; (c) vegetable or fruit #2; (d) bread or bread alternate; and (e) one-half pint of milk.

Ways Parents Can Help

1. Your attitude toward school attendance sets the tone for your child’s attitude. Be positive.
2. Regardless of your child’s age, set a regular bedtime and/or curfew. The proper amount of sleep helps avoid “sleeping late.”

2. Students are required to take at least three (3) of the five (5) food components for a school lunch and three (3) of the four (4) components for a school breakfast. Pre-plating is allowed for elementary students in grades K-5 for both breakfast and lunch.
3. In counting the number of food items taken, a double serving of an item taken does not count as two food items. Thus, if you give a student two servings of French fries, that is only one food component, and the student pays for a second serving.
4. Substitutes are not provided. For example, the cafeteria is not required to provide another drink if the student does not take milk.
5. The student pays the established lunch price Determined by his/her eligibility. The following list provides meal costs for the 2011-2012 school year:
 - a. Breakfast
Adult -- \$2.00
Student: Regular price -- \$1.25; Reduced price – \$.30
 - b. Lunch
Adult -- \$3.50
Elementary students: Regular price -- \$2.25;
Reduced price \$.40
Middle/High School students: Regular price – \$2.50; Reduced price \$.40

Diet: Regulations governing the Federal lunch and breakfast program permit food substitutions for individual children with medical or other special dietary needs. This regulation allows substitutes **ONLY WHEN SUPPORTED FROM A RECOGNIZED MEDICAL AUTHORITY** which

3. Allow plenty of time for getting ready in the mornings.
4. Provide an alternate plan for getting your child to school on time if the bus or ride is missed in spite of your best efforts.
5. Make every possible effort to schedule doctor, dentist, and other appointments before or after school hours.

includes recommended alternate foods. Since most allergies are continuous, it is not necessary for a new statement to be secured each year. The same regulation applies to milk allergies. Please contact the local Food Service Director if this type of service is needed.

Competitive food rule: No food is to be sold on campus for one hour before breakfast or one hour before lunch and until the end of either service period. Any food may be sold after breakfast and until one hour before lunch.

Care of School Property

It is your duty as a student and a citizen to see that school property is protected from abuse. Any student responsible for damaging school property shall be liable to suspension or expulsion and his/her parents or person(s) in *loco parents* shall be liable for all damages (Mississippi Code 37-11-19).

6. When you must schedule appointments during the school day, try to stagger them so that your child does not miss the same class every time.
7. If your child must be out of school for an appointment, make every effort to get him/her back to school for at least part of the school day.
8. Refuse to view tardiness as acceptable behavior.
9. Refuse to write excuses for anything other than a legitimate absence.
10. Discourage early checkouts.
11. Talk to your child about responsibility and the need to develop good work habits and positive attitudes now.
12. Plan family vacations in accordance with the school calendar as much as possible.
