Student Records

In compliance with Public Law 93-579, the Baldwin School District will not, except for “directory information,” disclose personally identifiable information from the education records of a student without the prior written consent from the parent of the student or the eligible student. Prior consent of the parent or eligible student is not required when the school releases such information to the following:

- Other school officials including teachers;
- Officials of another school in a school system in which the student seeks to enroll; and
- Other state, federal, and educational agencies as enumerated in Public Law 93-579.

Parents, both custodial and non-custodial, and eligible students have the right to inspect all personal data which is collected and to appeal the accuracy of such information. A custodial/non-custodial parent or an eligible student may not contest the assignment of a grade; however, they may question whether or not the assigned grade was recorded accurately. Records requested for review will be available at the school of attendance at the earliest convenient time but not more than 20 days after receipt of the request. The school will provide parents with explanations or interpretations of the educational data. Appeals to the decisions of the school principals regarding educational records may be made to the Superintendent of Schools, Baldwin School District, Baldwin, MS 38824.

The schools of the Baldwin Public School District will, from time to time, use personally identifiable directory information including honor rolls, annuals, athletic rosters, class rolls, and school-sponsored club and activity rosters. If you do not wish such personally identifiable information to include your child’s identity, you must advise, in writing, the principal of the school which your child attends no later than seven (7) days after his/her enrollment in the school year.

Asbestos Awareness

Please be informed by this notice that all the school buildings of the Baldwin School District have been inspected for the presence of any asbestos containing building materials, and a management plan has been developed and approved by the Mississippi State Department of Education.

A copy of the results of the inspection along with a copy of the management plans may be found in the main office of each school, and in the office of the superintendent of schools located at 107 West Main Street, Baldwin, Mississippi. Any interested party should feel free to go to any of these locations to see these reports.

ASBESTOS SURVEILLANCE OF ALL SCHOOLS

- As part of an annual notification, we are informing all persons of their option of reviewing the asbestos management plan, which would include documentation of any changes of asbestos containing material in these schools
- To provide continuing management of the asbestos in our schools, all asbestos containing materials (ACM) are inspected every six months by an engineering firm from Jackson, MS. Any changes in the ACM are being recorded in a surveillance report as a part of the management plan.
- A copy of the surveillance report, along with a copy of the management plan, is located in the principal's office at each school. In addition, a copy of all management plans for the district is maintained in the LEA Asbestos Designee's Office located at the Superintendent of Education's Office 107 West Main Street, Baldwin, Mississippi.

Insurance

As a service to parents and students, the school makes available a school-day insurance plan at a nominal cost. The school is willing to handle the necessary clerical work but desires to make it understood that it is not in the insurance business. The settlement of a claim is a private transaction between the parents and the insurance company. All student accident forms must be returned to the superintendent's office within 60 days of injury.

Curriculum and Other Related Items

Grades 5-8: All middle school students must be enrolled in a class for each period of the day.

Grades 9-12: All underclassmen are to enroll in classes that occupy four blocks of the school day (Exception: Co-op students must be enrolled in three blocks). Seniors may leave campus after three blocks if the schedule allows (Exception: Dual enrollment students.)

Credit Recovery for Grades 5-12

The approval of the principal or superintendent of the home school must be obtained before the final enrollment of pupils in summer school. A maximum of two units may be earned during one summer. A student may earn a maximum of four units of credit in summer terms toward meeting graduation requirements during their high school career. The student may enroll in summer courses for remediation or enrichment. The following guidelines will be used for remediation enrollment:

1. Approval will be given only for a course which the student has failed. Space permitting, a student may audit a class in order to build skills in a subject area.
2. Subject Area Testing courses are only allowed to be recovered if the student passed the Subject Area Test.
3. In order to participate in Credit Recovery students must have a minimum average of 55 in the course failed (50 if the student is a senior).

For enrichment purposes, students may be allowed to enroll in a course which is not included in the district's curriculum.

Correspondence Courses

One unit of correspondence work may be accepted toward high school graduation. All correspondence work that is to count toward meeting the graduation requirements **must have prior written approval of the superintendent or his/her designee and be on the approved list in Bulletin 171**. Guidelines for enrollment in correspondence work to remediate include the following:

- High school students will be given permission to enroll in a correspondence course only during the summer. **Exception:** A student is a senior and it is not possible to schedule a required course for graduation in the curriculum offered by the district.
- The course must be completed no later than the first day of the succeeding school year.

- Correspondence courses are taken through the college providing the course, not BHS. The student and parent are responsible for enrolling in and paying for the course(s).
- For enrichment, a student may be allowed, upon approval, to enroll in a course that is not included in the district's curriculum or a course in which a student cannot be enrolled because of a schedule conflict during the school year.

Early Release Information

For early release, senior students must have met College or Career Readiness Benchmarks (ACT sub scores 17 English and 19 Math or earned a silver on the ACT WorkKeys or SAT equivalency subscores). Alternately, a student must meet ALL of the following:

- Have a 2.5 GPA
- Passed or met all MAAP assessments requirements for graduation
- On track to meet diploma requirements
- Concurrently enrolled in Essentials for College Math or Essentials for College Literacy

Change of Schedule

Students are not allowed to change a schedule without the permission of the principal. Before any student can drop from a class roll or change a schedule in any way, the students must meet with the principal and/or the counselor. Schedule changes will not be made unless the change is absolutely necessary and in the best interest of the student and the school. No student will be permitted to drop a course after a one-week change of schedule period except for enrollment in the special education program, enrollment in the talented and gifted program, or a change in enrollment in the Co-op program. Dropping a course after the change of schedule period will result in a "F" in the course.

Dual Enrollment

High school students who are interested in enrolling in college courses may do so with the recommendation of the guidance counselor and the principal. These students must have 14 Carnegie units, a 3.0 grade point average accumulated in grades 9-10, and an unconditional letter from the principal or counselor saying "we give permission to dually enroll". Students who are interested in pursuing this exciting challenge should schedule an appointment with the high school principal. Students and their parents are responsible for all fees and tuition associated with dual enrollment. ACT requirement or equivalent set by the college. Course

costs will be reimbursed up to \$100.00 per course with successful completion of course requirements.

Textbooks

Textbooks for pupils are furnished by the state. These are issued at the beginning of the school year on a loan basis. Parents assume full responsibility for the books and their proper care until they have been returned to the school. Pupils should see that their books are not abused, as a fine will be charged for any wear. In case of a lost book, the list price of the book must be paid before another book will be issued. Students are encouraged to keep covers on books.

Early Graduation Policy

A student wishing to satisfy his or her graduation requirements early and graduate in three years must first meet with the Principal or Counselor. The student will not be given final approval to graduate early until the end of his or her sophomore year. If the student has successfully earned a minimum of eighteen credits **and** passed all of the Subject Area Tests to that point, the student's parents or guardian will be required to sign a permission letter stating that they understand the procedure, requirements, and consequences of graduating early. Please note that receiving approval to graduate early does not guarantee that the student will satisfy the state and district requirements to receive his or her diploma in three years.

Graduation Requirements

Each student graduating from a secondary school in an accredited school district will have earned the required Carnegie units as specified in the following tables. Contents of each required and elective course must include the core objectives identified in the *Mississippi Curriculum/Framework*. Course titles and identification numbers must appear in the current edition of *Approved Courses for the Secondary Schools of Mississippi* published by the Office of Curriculum Instruction. (SB Policy ICFA-1) Enrollment in correspondence courses listed in this book must have prior approval granted by the principal. No more than one (1) of the minimum required number of units may be earned through the completion of an approved correspondence course. Elective courses that do not have identified content in the *Mississippi Curriculum Structure/Framework* or whose titles do not appear in the current edition of *Approved Courses for the Secondary Schools of Mississippi* must be approved according to criteria stated in Appendix D. Students must be present at graduation practice in order to participate in commencement.

2. Grades 9-12: Determined by the number of credits

Student Classification for Entering Freshman 2016-2017

Junior	13 credits to include 3 math, 2 English, 2 science, and 2 social studies
Senior	19 credits to include 3 math, 3 English, 2 science, and 2 social studies

Extracurricular Activities

Grades 7-8

Pupils in the seventh and eighth grades participating at the high school level for fall eligibility must: be promoted; have passed the four core courses (English, math, science, and social studies); and the average of those four core courses must be a “C”, 2.0 or above. For spring semester eligibility, the student does not have to be passing all four core courses, but the average of those four core courses must be a “C”, 2.0 or above. Summer school or extended school year grades will replace the grade for a failed course in the spring semester GPA.

If a student meets promotional requirements at the end of the school year but is retained in the same grade, the student is ineligible for one (1) year.

Grades 9-12

Academic Rules for Student Participation in Activities

1. To be eligible for participation, a student must be on track toward graduation.
2. A student must also meet the following minimum scholastic requirements at the end of a semester for continuing eligibility and at the end of the year if the pupil is to be eligible for the next year:
 - a. To be eligible, a student must be able to demonstrate normal progress toward the number of Carnegie units required for graduation at the end of the semester.
 - b. The student must have at least a passing average (68) in each course which amounts to six (6) credits toward graduation each year, and an average of 70 or 2.0 GPA.
 - c. **ONE EXCEPTION** may be given during the student’s high school career – grades 9 – 12. If he/she passes the required number of credits in the first semester; he/she may become eligible for the 2nd semester.
 - d. A student who fails to meet the academic standards at the end of the year may choose to attend an accredited summer school. Summer school will be considered an extension of the second semester and credits earned in such a school may be considered in determining the scholastic eligibility of students. The completion of a full unit or major subject during summer school will be classed as passing one major subject for one unit of credit and not as passing two major subjects for one-half unit each. Accredited correspondence courses may be accepted for

establishing eligibility provided the course has been completed and recorded by the opening of school.

- e. If a student is out of school for one or more semesters, s/he will be ineligible upon return. The student may regain eligibility by passing (at semester) subjects that will successfully indicate that said student will be on track toward graduation. A student who is eligible for a given semester cannot drop out of school during the semester or remain out of school for one or more semesters and return to school with the same eligible status.

School Activities Participation

In order to comply with the mandates of Performance-based Accreditation Standards and to ensure that scheduled academic instructional time is protected from undue interruptions or delays, the following policy has been established by the Baldwin School District Board of Education and administration:

For a student to participate in a game or activity, s/he must be present at school the day of the contest and attend 60% of her/his classes; any exceptions will be referred to the principal for a decision. The Baldwin School Board and administration encourage students to participate in multiple sports, band and cheerleading activities. Conflicts that exist regarding half-time participation will be resolved between the coach, the band director, and the cheerleading sponsor.

Grades/Grading

Retention Waiver Policy

If a student does not pass a particular course/grade which will prevent him/her from meeting promotion requirements, the following options are available to the student/parent:

1. The student may attend an approved summer school or participate in an approved correspondence course (high school students only). Before awarding course credit for summer school or correspondence coursework, a student must present a passing grade in the summer school/correspondence course.
2. Students who earn advancement from one grade to the next will receive a “promoted” status on report cards and permanent records; students who are placed at the next grade level as a result of the Retention Waiver will receive a “placed” status on report cards and permanent records. Number of grades in both instances will reflect the student’s actual achievement.
3. Students who are placed are not eligible to participate in any extracurricular activities.

Grading System

In order for the student to pass a course/grade, he/she must maintain a passing average in the course for the year/semester. The nine weeks average will be comprised of the following:

- 60% tests, exams, major projects, etc.
- 40% homework, daily grades
- The semester average will be comprised of the two nine weeks’ averages. Final average will be comprised of the two semester averages.

Report Cards

Grade reports will be sent home to parents at the end of each nine-week grading period. Progress reports will be sent home with students at the end of four weeks during each nine-week grading period. The dates of issuance of report cards and progress reports are indicated on the school calendar. Parents may also observe grades by using the Active Parent link found on the district website

The grading system is as follows:

A (Superior)	90 – 100
B (High Average)	80 – 89
C (Average)	70 – 79
D (Low Average)	68 – 69
F (Unsatisfactory)	Below 68
INC (Incomplete)	(See Removal of Incomplete Grades)

Removal of Incomplete Grades

Students who are absent from school in excess of five (5) consecutive days because of prolonged illness (including pregnancy) or hospitalization are required to keep up with their regular school assignments. These students will be allowed the maximum of two weeks after returning to school to make up all missed work.

For short term absences (four days or less), the student will be allowed the number of days missed to complete make-up work (i.e., If a student misses two days, he/she is allowed the two following days to make up missed work). If work was already assigned the student is responsible for that work upon return to school. After this time period, a no-credit grade (a grade of zero [0] for each assignment) will be averaged with the student's grades.

Parents should make arrangements to pick up make-up work/assignments no earlier than 3:00 P.M. or make other arrangements.

Examinations/Exemptions

Students must take examinations at the regularly scheduled time unless they are exempt. All exceptions must be approved in advance by the principal. Request for exceptions must be made by the parent/guardian (not the student) who must gain permission from the principal. Only in emergency situations will exceptions be made.

In order to encourage and reward high academic achievement, good attendance, and proper conduct, the following policy pertaining to exemptions will be implemented. Students 5-12 grade are eligible.

1. Exemption from end of course examinations are available for all students and will be determined by cumulative averages.

2. If a student receives OSS or alternative school placement, the student will forfeit all exemption privileges for each semester the disciplinary action occurred.
3. Any student in grades 5-12 who has an A average in an academic subject, has no more than two (2) disciplinary referrals in that subject (for the class term), and has no more than 7 absences is eligible for exemption from the semester examination in that subject.
4. Any student in grades 5-12 who has a B average in an academic subject, has been absent from that class no more than three (3) times for a semester class and no more than seven (7) times for a year long class, and has no more than two (2) disciplinary referrals in that class will be eligible for exemption from taking his/her second semester examination in that subject.
5. Any student in grades 5-12 who has a C average in an academic subject, has not been absent from that class, and has no disciplinary referrals in that class will be eligible for exemption from taking his/her second semester examination in that subject.
6. Exemptions following the appropriate guidelines are possible for one-semester courses.
7. Absences required by participation in school activities do not count when determining exemptions.
8. No Exemptions for any OSS for any class or reason.
9. Exemptions for block classes will follow the following table:

A Yearlong class:

A-14 days

B-6 days

C-0 days

A 1 semester class on full block:

A- 7 days

B- 3 days

C- 0 days

A 9 weeks class on full block:

A- 3 days

B- 2 days

C- 0 days

10. Students with 7 or more tardies to class for a semester block class or 3 tardies to class for a 9- weeks class will not be eligible for any exemptions.

Student achievement of academic excellence is posted through the use of two lists: the Principal's List and the Honor Roll.

To qualify for the Principal's List, a student must earn a 4.0 (90—100) in each graded subject taken for the term under consideration.

To qualify for the Honor Roll, a student must earn a 3.0 (80 or above) in each graded subject taken for the term under consideration.

Students with high academic achievement will also be honored during the Academic Awards' Program. The program will be held in the spring to honor students who maintain an A average in every class through the third 9 weeks grading period. To be eligible for this award, the student must meet the following criteria:

1. Earn Three (3) credits per semester enrolled.
2. Have the required letter grade of an A in every class. Grades will be determined by averaging the third nine-weeks' grade to the first semester average grade and divided by two (2) for a yearly average.

Students who are classified as seniors may be recognized for outstanding academic performance in two ways:

1. The Valedictorian(s) and Salutatorian(s) will be selected from the senior class on the basis of the highest and second highest grade point average, respectively, as computed through the end of the third nine weeks' grading period. Beginning with the 2013-2014 senior class (2010-2011 freshman class), the grade point average used to determine Valedictorian and Salutatorian, class rank, and honor graduate status will be weighted. The Valedictorian(s) and Salutatorian(s) will be given the opportunity to speak at graduation. Ranking Procedures will include the following:
 - a. Class ranking for graduation will be calculated using the final grade for each course beginning in grade 9 plus grades plus high school courses taken in the 8th grade and grades thru the third 9 weeks of the senior year. Limited to a maximum of 4 credits in non-academic classes.
 - b. Advanced placement (AP) and dual credit courses are weighted on a 5.0 scale. These classes will average into the student's GPA.
 - c. If a tie occurs, the student who has taken the most honors classes will be named Valedictorian. If a tie still exists, co-Valedictorians will be named.

- d. Honors courses will include the following: AP English, AP English Lit and Comp; Algebra II; Algebra III; AP Calculus; Chemistry; AP Biology; Physics, Human Anatomy & Physiology; second level of foreign language; Humanities and any Dual Credit Course.
2. Seniors with a 92 or higher grade point average will graduate as honor graduates.

Therefore, all policies and procedures adopted by the Board which affect the conduct and/or discipline of students are supplemented by requirements of this act as follows:

Firearms Prohibited

No student is permitted to bring a firearm on school property.

Definitions

A “firearm” means any type of weapon, including a starter gun which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; any destructive device, including any explosive incendiary, poison gas, bomb, grenade, rocket, missile, mine or other similar device, any type of weapon; any combination of parts either designed or intended for use in converting any device into any destructive device described above and from which a destructive device may be readily assembled; or as otherwise defined by federal law. “School property” includes any school building, bus, campus, grounds, recreational area, athletic field, or other property owned, used or operated by the district.

Readmission may be granted by the board upon a document showing that the student has participated in successful rehabilitative efforts including, but not limited to, progress in an alternative school or similar program.

Reporting

Violations to the firearm prohibition state in this policy shall be reported in accordance with policy JCDAE.

In-school Detention (ISD)

Rationale: The Baldwin School District, in an effort to keep disruptive students in school and convey the message that certain behaviors are not acceptable, will conduct an In-school Detention (ISD) Program. Students assigned to ISD will not be counted absent in the classroom while serving in-school detention.

Rule violations that will result in being assigned to :

1. Students may be assigned to ISD at the principal's discretion and as many times as deemed appropriate.
2. The student may be assigned to ISD for any of the infractions listed under the heading Discipline Policies and Procedures in the current Student/Parent Handbook.
3. At the discretion of the administration, any other offenses not covered above may result in assignment to ISD.
4. Depending on the severity of the offense, as determined by the administrator, the student may not be allowed to participate in extracurricular activities when he/she is assigned to ISD for multiple days.

Guidelines:

1. Students will be given assignments by their teachers and/or ISD supervisor to complete while they are housed in the ISD room.
2. Students whose presence at school would pose an immediate danger to the daily activities of school will not be assigned to ISD.
3. Students will be given a grade for the work that is completed during ISD. Each teacher will determine the assignment and will grade the work.
4. After a student has accumulated an excessive number of days in ISD (principal's discretion) any further misbehavior, which warrants a suspension, may result in Out-of-School suspension, recommendation to the alternative school, or recommendation for expulsion.

The school district reserves the right to govern any incident not defined in this handbook.

Alternative School

The Baldwin School District has joined Booneville School District to form the Northeast Mississippi Regional Alternative Education Cooperative (NMRAEC). The purpose of this cooperative is to develop, implement, and operate a joint school facility to provide an alternative education program on a non-discriminatory basis for at-risk youth in grades 5 through 12 or the appropriate grade age.

NMRAEC will provide preventive and intervention-type programming for the at-risk youth that will follow the youth back to the school of the district from which they came. Programs offered by NMRAEC will include computer-assisted instruction, drug prevention and intervention, teen parenting, support, social and health services prevention and intervention, and other support services for youth who are academically and socially at-risk. Students may be referred for placement in the NMRAEC school for any offense that would normally result in excessive suspensions or expulsion.

The following assignment procedures will be followed:

1. The principal submits a written recommendation to the Superintendent with a summary of the student's disciplinary record.
2. The superintendent will reply in writing to the principal.
3. The principal will notify the parents/guardian or adult with custody and conduct a conference, if possible, explaining the action taken and any other pertinent information.
4. The parent/guardian or adult with custody may appeal the principal's decision by requesting an Administrative Hearing, as specified in Board Policy JCAA.
5. If appealed by the parent/guardian or adult with custody, the student may remain in school during the appeal process unless the principal determines the student's presence at school to be detrimental to the school's learning process.

Placement will be for a minimum of nine weeks unless extenuating circumstances necessitate an early release. Those students who meet the criteria for release will be referred to their school district. It is at the discretion of the home school district to approve or reject the student's release. However, any student suspended from NMRAEC shall be returned to the home school and will be subject to any additional disciplinary action as may be determined by said district. The criteria for release will include the following:

1. completion of work;
2. behavioral reports from the classroom teacher; and
3. counseling records and any other information deemed pertinent by the screening committee.

Students in the district who have not been denied bus privileges as a result of violations (see School Bus Regulations) will be provided with transportation to the alternative school. Students who have been denied bus privileges or are required by the NMRAEC staff to report early or stay late must make arrangements for their transportation.

Students assigned to the NMRAEC School will not be allowed to participate in or attend extracurricular activities at any member school.

Accepting Transfer Students from Out of District

Students moving from out of district must have the previous school of enrollment complete a transfer form. The form must be given to a principal and approved by the principal prior to school board approval.

Cafeteria

Students who eat in the cafeteria must keep in mind that misconduct of any nature is infringing upon the rights of other people who are trying to enjoy their meals.

A new meal application must be submitted each school year.

1. Students must pay for their meals each day—no lunch or breakfast will be charged. Advance payments can be made online at LINQ Connect. Checks must be for the amount of school food purchase only.
2. Students must report to the cafeteria during their assigned meal period.
3. Food Service regulations do not permit any student to bring a soft drink in its original container to the cafeteria. Therefore, no canned, glass, or plastic soft drinks are allowed in the cafeteria. Students may bring juice or beverages in Thermos containers. Any commercial food must be in a “brown sack” or lunch box. No commercial food (Restaurants) shall be delivered to the campus for one hour before breakfast or one hour before lunch and until the end of either serving period. **Food delivered during the appropriate time must be delivered to the office.**

Offer vs. Serve Requirements: The Baldwin School District subscribes to Public Law 94-105, “Offer vs. Serve.” This law requires all students to be offered five (5) food items for a school lunch and four (4) food items for a school breakfast. Complying with Federal regulations requires the following:

1. The complete school lunch must be planned and offered to all students. It must consist of the following five (5) components: (a) meat or meat alternate; (b) vegetable or fruit #1; (c) vegetable or fruit #2; (d) bread or bread alternate; and (e) one-half pint of milk.
2. Students are required to take at least three (3) of the five (5) food components for a school lunch and three (3) of the four (4) components for a school breakfast. Pre-plating is allowed for elementary students in grades K-5 for both breakfast and lunch.
3. In counting the number of food items taken, a double serving of an item taken does not count as two food items. Thus, if you give a student two servings of French fries, that is only one food component, and the student pays for a second serving.
4. Substitutes are not provided. For example, the cafeteria is not required to provide another drink if the student does not take milk.
5. The student pays the established lunch price determined by his/her eligibility. The following list provides meal costs for the 2020-2021 school year:
 - a. Breakfast

- i. Adult -- \$2.50
 - ii. Student: Regular price -- \$1.75; Reduced price --\$.30
- b. Lunch
 - i. Adult -- \$4.00
 - ii. Elementary students: Regular price -- \$3.00;Reduced price \$.40
 - iii. Middle/High School students: Regular price --\$3.00; Reduced price \$.40

Diet: Regulations governing the Federal lunch and breakfast program permit food substitutions for individual children with medical or other special dietary needs. This regulation allows substitutes **ONLY WHEN SUPPORTED FROM A RECOGNIZED MEDICAL AUTHORITY** which includes recommended alternate foods. It is necessary for a new statement to be secured each year. The same regulation applies to milk allergies. Please contact the local Food Service Director if this type of service is needed.

Competitive food rule: No food is to be sold on campus for one hour before breakfast or one hour before lunch and until the end of either service period. Any food may be sold after breakfast and until one hour before lunch.

Care of School Property

It is your duty as a student and a citizen to see that school property is protected from abuse. Any student responsible for damaging school property shall be liable to suspension or expulsion and his/her parents or person(s) in *loco parents* shall be liable for all damages (Mississippi Code 37-11-19).

Children's Online Privacy Protection Act (COPPA)

The Children's Online Privacy Protection Act of 1998 prohibits unfair or deceptive acts or practices in connection with the collection, use, or disclosure of personal information from and about children on the Internet. COPPA gives parents various rights, including the right to review the personal information a child provides. A child is regarded as someone under the age of thirteen. Children are a subset of consumers who require special protection. We want to protect our children and therefore COPPA is important.

Children's Internet Protection Act (CIPA)

The Children's Internet Protection Act (CIPA) was enacted by Congress in 2000 to address concerns about children's access to obscene or harmful content over the Internet. CIPA imposes certain requirements on schools or libraries that receive discounts for Internet access or internal connections through the E-rate program – a program that makes certain communications services and products more affordable for eligible schools and libraries. In early 2001, the FCC issued rules implementing CIPA and provided updates to those rules in 2011.

Schools and libraries subject to CIPA may not receive the discounts offered by the E-rate program unless they certify that they have an Internet safety policy that includes technology protection measures. The protection measures must block or filter Internet access to pictures that are: (a) obscene; (b) child pornography; or (c) harmful to minors (for computers that are accessed by minors). Before adopting this Internet safety policy, schools and libraries must provide reasonable notice and hold at least one public hearing or meeting to address the proposal.

Schools subject to CIPA have two additional certification requirements: 1) their Internet safety policies must include monitoring the online activities of minors; and 2) as required by the Protecting Children in the 21st Century Act, they must provide for educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response.

Schools and libraries subject to CIPA are required to adopt and implement an Internet safety policy addressing:

- Access by minors to inappropriate matter on the Internet;
- The safety and security of minors when using electronic mail, chat rooms and other forms of direct electronic communications;
- Unauthorized access, including so-called “hacking,” and other unlawful activities by minors online;
- Unauthorized disclosure, use, and dissemination of personal information regarding minors; and
- Measures restricting minors' access to materials harmful to them.

Schools and libraries must certify they are in compliance with CIPA before they can receive E-rate funding.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose

directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

District Parent and Family Engagement Plan 2023-2024

In support of strengthening student academic achievement, Baldwyn School District, receives Title I, Part A funds and therefore must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy, agreed on by such parents, that shall describe the means of carrying out the requirements of the Every Students Succeeds Act (ESSA) Section 1116. Parents shall be notified of the policy in an understandable and uniform format and, to the extent practicable, provided in a language the parents can understand. Such policy shall be made available to the local community and updated periodically to meet the changing needs of the parents and the school. The policy establishes the school's or district's expectations for parent and family engagement and describes how the school will implement several specific parental and family engagement activities.

Parent and Family Engagement means the participation of parents and family members in regular, two-way, and meaningful communication involving student academic learning and other school activities. Successful family engagement includes the following:

- Parents play an integral role in assisting their child's learning,
- Parents are encouraged to be actively involved in their child's education,
- Parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child, and
- Others activities, such as those described in Section 116 of ESSA.

Baldwyn School District recognizes that effective school-family partnerships are critical to student learning and success in school. Baldwyn School District agrees to implement the following requirements as outlined by ESSA Section 116:

Annual Title I Meeting

Each school served under Title I, Part A will convene an annual meeting in early Fall, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A programs, and to explain the Title I, Part A requirements and the rights of parents to be involved in those programs.

Explain what participation in Title I programs means, including:

- A description and explanation of the school's curriculum,
- Information on the forms of academic assessment used to measure student progress
- Information on the proficiency levels students are expected to meet:

- Explain the district parent and family engagement plan and school-parent compact.

In addition to the Annual Meeting, schools will host at least three other parent meetings over a range of times to allow flexibility throughout the school year and give more parents the opportunity to become involved with the school. Notices will be sent out to communities in advance of these meetings to increase parent and family involvement. These meetings will provide parents with:

- Information about programs provided under Title I
- Student progress
- Opportunities to give input into decisions made at the schools

Jointly Developed

The school district conducts an annual Title I Parent Survey and the Annual Title I Parent Meeting to solicit input into the district parent and family engagement plan. All parents and guardians are invited to participate and provide suggestions and ideas to improve the parent and family engagement plan. The district utilizes automated instant messaging calls, texts, social media posts, and the district's website to inform parents of these opportunities.

Upon final revision, the district parent and family engagement plan is posted to the district website for public viewing. Parents are welcome to submit comments and feedback regarding the plan at any time via email or written comments to your child's school. All feedback received by July will be considered in the following school year's plan. The district parent and family engagement plan is posted on district and school websites, distributed during the Annual Title I school meetings, and made available upon request at all schools.

Communications

Baldwyn School District will provide parents of participating children timely information about programs under Title I, including:

- a description and explanation of the curriculum in use,
- forms of academic assessment used to measure student progress,
- achievement levels of the challenging State academic standards, and
- if requested by parents, opportunities for regular meetings to formulate suggestions and participate, as appropriate, in decisions relating to the education of their children and respond to any such suggestions as soon as practically possible

Parents shall be notified of the parent and family engagement plan in an understandable and uniform format, and to the extent possible, provided in a language the parents can understand. Each Title I school shall offer a flexible number of meetings, such as meetings in the morning or evening.

Reservation of Funds

If applicable, Baldwin School District will involve the parents and family members of children served in Title I, Part A schools in decisions about how the 1 percent of Title I, Part A funds reserved for parent and family engagement is spent and will ensure that not less than 90 percent of the 1 percent reserved goes directly to Title I schools.

Baldwin School District will do the following:

- Conduct an annual Title I Parent Meeting at the beginning of each school year to inform parents of the school's participation in Title I, Part A programs and to explain the Title I, Part A requirements, and the rights of parents to be involved in Title I, Part A programs.
- Hold Planning Meetings where parents can give input into how the funds are used.

School-Parent Compact

Each Title I school shall jointly develop with parents of all children served under Title I a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards.

Build Capacity of Parents

Baldwin School District will build the parents' capacity for strong parental involvement to ensure effective involvement of parents and families and to support a partnership among the school and the community to improve student academic achievement through the following:

- Provide assistance to parents of participating children, as appropriate, in understanding topics such as the following:
 - the state's academic content standards,
 - the state's student academic achievement standards,
 - the state and local academic assessments including alternate assessments,
 - the requirements of Title I, Part A,
 - how to monitor their child's progress, and
 - how to work with educators to improve the achievement of their children.

Build Capacity of Staff

The Director of Student Support Services will provide assistance and support to the Title I schools to ensure family engagement requirements are being satisfied and that family engagement strategies and activities are being implemented. Title I schools will receive notifications and resources from the district to help them improve and strengthen family engagement.

The district will convene a meeting in the Spring for Principals, Assistant Principals, the Director of Student Support Services and the Director of Federal Programs to review parent and family engagement requirements and plan opportunities for family engagement activities and meetings for the coming school year.

Parent and Family Engagement Annual Evaluation

The Baldwin School District will take the following actions to conduct, with the meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of this parent and family engagement policy in improving the academic quality of the Title I, Part A schools. The evaluation will include identifying barriers to greater participation by parents in activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background). The evaluation will also include identifying the needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers and strategies to support successful school and family interactions. The school district will use the findings of the evaluation about its parent and family engagement policy to design evidence-based strategies for more effective parental involvement and to revise, if necessary, its parent and family engagement policies.

The District Parent and Family Engagement Plan will be posted to the district website under the Federal Programs tab for public review. All school level plans will be posted to that school's website.

Any comments/concerns can be submitted at any time to the Director of Federal Programs at 662-365-1004.

Accessibility

In carrying out the parent and family engagement requirements established by Section 116 of the ESSA, Baldwin School District will communicate and collaborate with staff to ensure full opportunities for participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children including providing information and school reports in a language parents can understand.

This district-wide parent and family engagement policy has been developed jointly and agreed upon with parents and family members of children participating in Title I, Part A programs. This plan will be in place for the 2023-2024 school year.

Military and College Opt-Out

Dear Parent, Guardian, or Secondary Students;

Our district receives funds from the federal government under the Elementary and Secondary Education Act as amended (2015). These funds are used to provide additional help to students in greatest academic need. If requested, the law also requires that districts receiving these funds must provide military recruiters, colleges and universities access to names, addresses and telephone listings of secondary students.

It is important for you to know that a secondary school student or his or her parent or guardian may request that the student's name, address, and telephone number not be provided by the district with written parental consent. If you would like to make such a request, please contact the high school, Meloney Green at 662-365-1020 or email greenm@baldwynschools.com.

Annual Parent Notice Right to Request Teacher Qualifications

Our school receives federal funds for programs that are part of the Elementary and Secondary Education Act (ESEA), as amended (2015). Throughout the school year, we will continue to provide you with important information about this law and your child's education. Based on current education law, teachers must have earned State certification and licensure. State certification and licensure is the training required to be a teacher.

We are very proud of our teachers and feel they are ready for the coming school year. We are prepared to give your child a high-quality education. You have the right to request information about the professional qualifications of your child's teacher(s) or paraprofessional(s). A paraprofessional provides academic or other support for students under the direct supervision of a teacher. If you request this information, the district or school will provide you with the following as soon as possible:

- c. if the teacher is teaching in the field of discipline for which they are certified or licensed;
- d. if the teacher has met State-approved or State-recognized certification, licensing, registration, or other comparable requirements. These requirements apply to the professional discipline in which the teacher is working and may include providing English language instruction to English learners, special education or related services to students with disabilities, or both; and
- e. if your child is receiving Title I or Special Education services from paraprofessionals, his or her qualifications.

Our staff are committed to helping your child develop the social, academic and critical thinking he or she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals are highly skilled.

If you would like to request information about your child's teacher(s) or paraprofessional(s), or if you have any questions about your child's assignment to a teacher or paraprofessional, please contact the Director of Federal Programs, at 662-365-1004.
